Notes:

1. Series "D" Lettering (Standard Highway Signs as Published by FHWA)

2. All signs shall be fabricated with 4 inch white upper-case and lower-case letters.

3. Diamond Grade (Type IX or Type XI) sheeting shall be used for all letters and background.

4. Background color shall be:
   Blue - private roadways
   Green - open and declared public roads

5. When there is a decending letter tail in a road name the entire name is shifted up within the blank to allow space for the decending letter. The offset to the initial upper-case letter is a set distance within a 8" high blank of 2.25 inches from the bottom of the blank and 1.75 inches from the top of the blank. All other road names shall be centered vertically within the blank.

6. See latest version of Standard Highway Signs Manual for standard arrow details.

(All dimensions are in inches)

(Not to scale)
